REVIEW OF THE WILMINGTON MARKET,

day's quotations up to Saturday, when it closed at an advance of 20 cents on virgin, and the sales have since been at \$3 for virgin, \$2 60 for yellow dip, and \$1 60 for hard, stitution in the State. For a Catalogue, apply at the Book per 280 lbs. There is a fair demand from both shippers and above figures. The receipts are light for the season, and for the week ended this morning comprise only 3,145 bbls.,

This morning we learn that 37½ cents has been offered for straight lots, of 2d to 3d; Milwaukee red 11s. Corn quiet at a decline of but sellers generally are holding higher. We quote sales of 3,513 bbls., as follows:

Rosin .- We have no change of consequence to report in the market for either grade since our review of Wednes lay last. The arrivals have been rather light, and we report only a small stock in receivers hands. For Pale there has been some enquiry during the week and a bright article finds quick sale at fair quotations; there is, however, very little of strictly white on market. We quote sales of 1,664 bbls at \$2, \$2 75, \$3, \$3 124, \$3 50, \$3 75 a \$4 per 280 lbs., as in SOLICITED for WINTER CLOTHING, of the celebrated quality, and \$1 50 for opaque—only a few lots bringing high-manufacture of F. & H. Fries, Salem. The best goods est figure. The market has continued to rule inactive for in Amer a. Planters would do well to send in their orders | Nos. 1 and 2, and the sales have been confined to about 300 bbls. at \$1 50 to \$1 75 for the former, and \$1 20 to \$1 30 per bbl. for the latter. In the Common article no change has taken place in price, but we have to report an unusually quiet market for the week. Some parcels have been offered at \$1 15 without finding a buyer, but the bulk of the stock isgenerally held higher. We quote sales of only 3,400 bbls.,

> Wednesday,.... 1,500 bbls. at \$1 15 per 310 lbs. our last, and the market rules firm at former price; owing however, to the meagre arrivals, the transactions for the

> week have been limited, and comprise only about 200 bbls at \$1 80 per bbl. BEEF CATTLE AND SHEEP .- We have nothing new to report in either. There is only a light stock of beeves in butchers hands, and but few arriving, still the demand appears to be limited, except for a prime article. We quote grass fatted at prices ranging from 5 to 62 cents per lb., according to quality. For SHEEP a fair enquiry exists for butchering purposes, and the market is poorly supplied; a few droves of good quality would sell readily. We quote as extremes \$1 50 to \$2 25 each.

BARRELS-The receipts of empty Spirits Turpentine barrels have been very small for a few weeks past and in consequence the stock in first hands has become materially reduced, and consists mostly of inferior lots of second hand ones, which are dull of sale even at low figures. There has been a moderate enquiry throughout the week, but we can hear of only small transactions at \$1 80 to \$1 85 for selected. For New York barrels there is also a fair demand, but ow ing to the light supply on market we have only small sales to report at \$2 10 to \$2 15 each for new and second hand

COFFEE-The market continues to be moderately supplied with nearly all descriptions, and rules quiet at unchanged rates. There is merely a retail business doing, and we refer to our table for store prices, as in quantity and quality. taken place. We omit quotations.

FISH—Nothing of consequence doing in this article. The market is moderately supplied with Herring, and the demand is limited. See table for quotations. FRATHERS-Are in moderate request, and sell readily at

45 to 50 cents per lb. FLOUR-The advices received from abroad since our last review have proven more favorable, and have had the tendency to somewhat strengthen the market here, still we have no change to report on former quotations for State brands. There has existed a fair demand from buyers at \$6 75 for superfine, but owing to the fact that sellers are holding at higher figures, only a few small parcels have changed hands during the week. Only a small quantity has arrived either by river or railroad, and the stock in dealers' hands is becoming reduced. At the close \$6 75 is offered for superfine and it is generally held at \$7. GUANO .- There is a pretty fair stock of nearly all descrip-

ions in dealers hands, and we notice a moderate business

doing at the following quotations: Peruvian \$60; Reese's

Manipulated \$52; American \$40; Sombrero \$35; Superphosphate of Lime \$50, and Land Plaster \$10 per ton, in lots of one ton and upwards. GRAIN .- For CORN the market has exhibited a little more firmness since our last under the advices received from abroad, and a slight advance has been obtained over former quotations ;-there is, however, only a light demand from dealers, as there is a heavy stock on market, and only a prime article sells at quotations. The receipts for the week have been small, comprising 6,688 bushels from the North counties, and 1,300 do. from Baltimore. Of the former, one cargo of 2,188 bushels sold at 74 cents per bushel, 3,000 do. on terms not transpired, and 1,500 do. has gone into store; and the latter (1.300 bush.) sold on private terms. -OATS .- The market is moderately supplied with this article, and at presen there seems to be merely a retail demand. A lot of 749 bushels was received a day or two since from Portland, and changed hands at 48 cents per bushel. PEAS-Of all descriptions continue to be brought io sparingly, and there is only a light supply on market. For Cow there is a brisk enquiry, but in the absence of receipts we have no transactions to report. Last sale was at \$1 05 per bushel. - Rice. For clean there is

a moderate demand for retailing purposes, and the supply in store has become rather small. We quote sales at 44 a 44 cents per lb. HAY- The receipts for the past two or three weeks have been tully fair, and with an increased stock in dealers' hands, the market has ruled quiet, and prices have declined a shade. The arrivals since our last comprise about 700 bales Northern and 222 do. Eastern, and we notice sales as tellows: 73 bales Eastern at \$1 30, and 149 do. at \$1 35; 130 do. Northern at \$1 10, and 67 do. at \$1 17 per 100 10s., cash and 90 days. The balance of the Northern has gone into store, and is selling to the trade at \$1 15, in lots. LIME-In the absence of receipts for some time past, the upply in dealers' hands has become nearly worked off, and is barely sufficient for present wants; one or two cargoes would sell readily. We quote from store at \$1 05 to \$1 10

per cask for common lump. Molasses-The market continues to be very well supplied with Cuba, and there is merely a retail business doing. We quote bbls. at 28 a 30 cents, and bhds. at 25 a 27 cents per alion, as in quantity. POTATOES-New crop Irish are in moderate supply, and

dull of sale. We quote from carts at 80 cents to \$1 per Provisions .- In N. C. cured Bacon we have no material change to report since our review of Wednesday last. The quantity received for a few weeks past has been quite small, and in consequence the supply on market has become considerably reduced, still we notice only a limited enquiry.— The sales for the week have been confined to two or three parcels (about 3500 lbs.) at 12 cents for hog round, and 13 a 134 cents per lb. for hams. P. S.—This morning 11,000 lbs., received from Chowan ecounty, sold at 114 cents per ib. for hog round. For Western cured the market remains about the same as last reported ;-but little arriving at present, and there is only a small stock in store. We continue former quotations—94 a 94 cents for shoulders, and 114 a 114 cents per 1b. for sides .- LARD. The arrivals of N. C. make have been small for some weeks past, and in D. Cazaux; with 1,836 bbls. rosin, 159 bushels pea nuts, 6 7 consequence the stock on market has become somewhat re- boxes mdze. duced; it is, however, fully adequate for present purposes, Schr. Western is in small stock, and sells from store at 12 a 124 cents, as in quality.-PORK.—There is nothing of moment doing in this article, and 85 do. pitch, 527 do. rosin, 9 bales cotton. there is a moderate supply of Northern on market. We

efer to table for store rates. SALT-For Liverpool ground there is a fair enquiry, and the market rules firm at an advance on former quotations .- | Bro. & Co.; 900 bbls. spirits turpentine, 200 do. rosin, 36, About 1000 sacks have been received coastwise during the | 106 ft. lumber. week, 500 of which have gone into store, and 500 sold at 92 cents per sack, cash. SHINGLES-For both Common and Contract there has been a fair demand for the past week or two, and there is scarce-

ly any arriving. Parcels would sell readily at \$3 a \$3 25 for the former, and \$4 a \$5 per M. for the latter, according to quality. TIMBER-The market for this article rules about the same as reported in our last. The larger portion of the receipts

which have cargoes engaged. See table for prices.
